

## TCM Forklift Part

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of each international business. Transporting industrial goods happens each and every day on our busy world. Initially innovated as industrial vehicles in the 1930s in America, lift trucks gained popularity following WWII in the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machines spread globally.

Originally founded as Toyo Carrier Manufacturing Company Limited, in 1949, the business was later renamed Toyo Umpanki Co. prior to becoming known as the TCM Corporation. Founded by Mr. N. Niwa manufactured Japan's very first lift truck. Over the years, TCM forklifts have become a global leader in forklift manufacturing and have built a solid reputation in the industry. TCM started building lift truck manufacturing sites outside of Japan in the 1980s and is currently engaged in lift truck manufacturer at three foreign factories in the United States, Europe and China.

With over 50 years of accumulated technology and expertise, TCM has been proudly manufacturing various models of industrial lift trucks, making their models known all over the globe. With an energetic and strong workers, TCM has been able to constantly work towards becoming a future leading material handling company.
